CLEAN AIR AND SUSTAINABILITY DIVISION

Hot Issues:

Limetree Bay Terminal (LBT) Project Update – (Item Include Pre-Decisional Information): On January 11, an internal conference call among the various EPA offices (Region 2, OGC, and OAQPS) was held to discuss the outstanding air permitting issues related to the LBT project. The following issues have been presented to EPA for a determination: 1) the independence of the Bio Diesel and Refinery Restart projects; 2) application of EPA's reactivation policy to the Refinery Restart project; 3) relationship between the Single Point Mooring (SPM) project the Bio Diesel project or Refinery Restart project; and 4) the availability of project netting for the LBT projects.
